Subject: Integrating Resources - online workshop

SCCTP is proud to announce the launch of its first Web-based online learning workshop. The SCCTP Integrating Resources Cataloging Workshop has been converted for online learning by the workshop's original creator, Steven J. Miller, Cataloger/Metadata Librarian, University of Wisconsin-Milwaukee Libraries, and Senior Lecturer, UWM School of Information Studies. Below are some further details from the workshop announcement. Many thanks to Steven Miller for taking the initiative on this and making this project possible- Les Hawkins, CONSER Coordinator

Announcement:

The University of Wisconsin-Milwaukee School of Information Studies is hosting the first Web-based online learning offering of the SCCTP Integrating Resources Cataloging Workshop.

Dates: May 1-19 (three weeks) Web-Based Online Learning Offering
Technology requirements:

http://www.loc.gov/acq/conser/scctp/IR_tech_requirements.html

Online learning requirements:

http://www.loc.gov/acq/conser/scctp/IR-online_learning.html

Fee: \$250; Student Fee: \$125

Online registration: click on the link at the bottom of this page:

http://www.uwm.edu/Dept/SOIS/CE/oi_scctp.html

Registration by telephone or fax: see information at the end of this announcement

Description: This workshop is designed for practicing catalogers from all types of libraries who have a working knowledge of the MARC21 bibliographic format and AACR2. The course is based on the revised chapters 9 and 12 of AACR2 and covers all integrating resources, with an emphasis on remote access electronic integrating resources. The workshop covers the new rules that have been added to these chapters and will provide timely guidance to catalogers who may be responsible for cataloging them. The sessions include an introduction to integrating resources and their identification, instructions for originally cataloging updating Web sites and databases, making changes to existing records, and case studies covering more difficult aspects of cataloging electronic integrating resources.

SCCTP: This workshop is part of the Library of Congress Serials Cataloging Cooperative Training Program (SCCTP), which provides standardized training materials and trained trainers in the field of continuing resources. For further information, see:
<http://www.loc.gov/acq/conser/scctp/>

Instructor: Steven J. Miller, Cataloger/Metadata Librarian, University of Wisconsin-Milwaukee Libraries, and Senior Lecturer, UWM School of

Information Studies.

Online Learning: How It Works: Sometime within the week prior to the start of the course, each participant will receive an ID and password for logging into the workshop Web site, which includes areas for the course content posted as PDF documents, online discussion forums, a dropbox for uploading exercises, etc. The workshop will be interactive and participants will move through the material together as a group, completing content and exercises by the same deadlines, and engaging in online discussion. Opportunities for working on exercises in small groups will be provided. See the link to Online learning requirements above for further information.

Workshop Host: The workshop is being hosted by the University of Wisconsin-Milwaukee (UWM) School of Information Studies. Registration is handled by the UWM School of Continuing Education. Registration can be done online, by phone, fax, or in-person. For online registration, see the information above. For additional registration information, please visit the UWM School of Continuing Education Registration Web site at: <http://cfprod.imt.uwm.edu/sce/registration.cfm> The Program number for this workshop is: M06B5110155105
